Transfer - Well - Bellary taluk and town - Military well No. 9 in S.No.597 - Jail Department - application of the Superintendent, Wellesley ~~Sanitorium~~ Sanitorium Jail, Bellary.

The Superintendent, Wellesley Sanitorium Jail reports that water from the Military Well No. 9 lying in S.No. 597 of Bellary village and adjoining to the fence of the jail, is baled for the garden in the jail compound and that it has been notified for sale by the Military Authorities. He wants the well to be acquired for the Jail Department. The Military Estates Officer, Madras Circle, Bangalore, in his letter No. S/16/304 MC dated 7-10-1938, has intimated to the Superintendent, Wellesley Sanitorium Jail, Bellary that the book value of the well is Rs. 150-2-0 and that the well has not been sold to anybody. A copy of the letter is enclosed. I request that the Government may be moved to take steps to have it transferred to the Local Government on payment of book value.

2. The garden is not only very useful for supplying vegetables for the Jail but also for giving work and exercise to inmates of the Jail when they reach a certain stage of convalescence. The Committee of visitors has been favourably impressed by its usefulness and would like if possible to get a really skilled gardener to instruct prisoners so that they might go back to civil life equipped for employment as gardeners.

3. I request that the Military Estates Officer, Madras Circle, Bangalore may be informed of this proposal and asked not to dispose of the well till the receipt of orders of the Government on this proposal.

SPARE COPIES

The Minor Irrigation Overseer, Bellary has estimated the market value of the well at Rs. 163/- The Tahsildar of Bellary has verified the estimate made by the Minor Irrigation Overseer and he puts its value at Rs. 170/-

Below

A copy of the Tahsildar's report D.Dis.1367/39 dated 1-6-1939 is enclosed. The book value of the well is Rs. 150-2-0 as reported by the Military Estates Officer. The difference is only about Rs. 20/- and it does not call for any remarks.

P.S. 6/6.

For Collector.

Copy of letter D.Dis.C. No. 1367/39 A.1 dated 1-6-1939 from the Tahsildar, Bellary, to the Collector, Bllary.

The market value of the well has been estimated by the Minor Irrigation Overseer. Please see copy of his estimate enclosed. I inspected the well No. 10 in company with the Minor Irrigation Overseer. The steining construction consisting of dry packing of burnt stones, 11' high in all, including 2½' construction at top in chunam, stands

in need of urgent attention as the disintegrated rock on which it is laid is giving way under atmospheric action. The excavation is in disintegrated rock and the sides exposed to the atmosphere are cut in and scooped out at places. There is water to a depth of about 12' now and I understand that the well does not have any good springs as the Jail authorities who take the water for the garden by baling state that the supply would be exhausted in half a day. The estimate of the Minor Irrigation Overseer is correct and to it has to be added the cost of 5 slab pillars about 10' high valued at about Rs. 7/- Depreciation is to be allowed not only for the materials used but also the excavation charge in view of the disintigration of the sides of the exposed rock. In view of the age of the construction which is anything over 30 years, the depreciation will go up to 5/6 of the cost.

Thus the cost of the well is:-

Cost of excavation		Rs. 994
Dry steining masonry and slabs		184
	Total	1178
Less 13% deduction (cut in rates)		153
	Net	1025
Depreciation on 5/6		854
		171 or

Rs. 170/- in round figures. The book value of the well is not known.

2. Before forwarding your letter to the Government of India to obtain sanction to transfer well No.10 in R.S.No.597-B part of Bellary, I write to ask you if you would be willing to take over the whole of R.S.No.597-B part of Bellary in which this well is situated (plan enclosed).
